Founded in 1989 and held biennially in Beijing, **BICES** is China's earliest and longest-running industry-led exhibition for construction, building, and mining machinery, and a globally renowned, world-class flagship industrial event, featuring over 1,000 exhibitors and 150,000sqm of show space.

WHY BICES

Access one of the world's largest manufacturing and consumption hubs for construction, building and mining machinery, offering vast and diverse business opportunities.

1

BICES is more than an exhibition, but a premier biennial industry event that delivers prime opportunities for global industry networking and cooperation.

2

Rooted in Beijing, China's capital, the show gathers cutting-edge products and technologies from across China and the global construction machinery industry.

3

More than 100 concurrent conferences, forums and seminars will be held, delivering value-added insights into the latest industrial technologies and development trends.
