**Notice on the Suspension of Holding the 16th China Beijing International
Construction Machinery, Building Material Machines and Mining Machines
Exhibition & Seminar (BICES 2021)**

Dear exhibitors, users, visitors, partners and colleagues from all walks of life,

Although all preparation works for BICES 2021 have been ready now, however due to the current sudden severe and complex situation of COVID-19 pandemic cases and situation out broke in Beijing and the relevant pandemic prevention and control measures implemented, and having actively communicated with venue and related department for times and careful study, the organizing Committee of BICES hereby decides to suspend holding BICES 2021 as scheduled from November 17th to 20th, 2021 in China International Exhibition Center (New Venue), and that all concurrent events and activities to be held at the same time of BICES 2021 will also be suspended and adjusted accordingly. The following plan and action in respect of BICES 2021 will be updated and advised additionally.

Thank you all for the long-term support given to BICES. We know deeply about the impact and difficulties caused to you by the suspension of BICES 2021, and do hope to have your understanding and support as always. With theme to serve exhibitors, users and visitors and to promote the high-quality development of the industry, we will work harder and strive to get BICES organized to be a high-quality show, communication and trade event of the industry.
